Theodore Herzl and the Rothschilds first approached the current Pope at the time Pope Pius X who immediately rejected facilitating the Zionist takeover of Palestine.

The Rothschilds who were after seizing the land for Palestine, knew that they had to get the Protestant churches on board with their agenda.

So they recruited a non Jew Christian 'theologian' called C I Scofield to convince the Protestant Churches that the Jews must retake the promised land to fulfill prophecy. We covered some of his history and his character in the previous podcast. The target was to infiltrate Protestant Christianity by creating their own 'Bible'.

Connecting some of the dots in the timeline of a twenty year period

from 1897 with the first Zionist International Congress in Switzerland to 1917 with the Balfour Declaration- opens up a bigger picture. The last two podcasts are based a lot on the research of a independent investigative Christian journalist called James Perloff and his extensive work 'The War on Christianity' the abomination and blasphemy of Christian Zionism'. This is where this timeline stems from.

Four years after the Zionist Congress in 1897, in 1901 the powerful Zionist Samuel Untermyer funded C I Scofield to write his reference 'bible'. Untermyer also approved Scofields membership into an exclusive club for the financial and literary elite called 'The Lotus Club'. Its members were atheists, communists, eugenicists, and people that normally a 'Christian theologian and pastor' would never have anything to do with.

In 1904 Theodore Herzl along with the Rothschilds approached the Pope as I have noted above. The Pope rejected them. Then in 1909

the first edition of the Scofield Reference 'bible' was printed just 4 years after the first International Zionist Congress.

In 1913 The Federal Reserve Privatised Central Bank was founded. Samuel Untermyer was deeply involved in the founding of the Federal Reserve as well as a guy called Edward Mandell House a committed Globalist.

In 1917 The Balfour Declaration was written to the Rothschilds from the British Government promising the Jews a national home as well as promising the existing native population with equality in all areas which of course has never happened. Jacob Schiff and Bernard Baruch two very powerful Zionist oligarchs were not only some of the ones who funded the Bolshevik Revolution in 1917 they also funded C I Scofield's Reference 'bible'.

This was the twenty year timeline with some very significant events. It was also in 1917 that millions of copies of the Scofield Reference 'bible' were printed by the Oxford University Press which was run by staunch Zionists and Fabian Socialists.

Finally, in this podcast we discuss J N Darby as according to James Perloff's research 'What Darby planted, Scofield watered' by plagiarising Darby in his footnotes of his reference 'bible' which was a Zionist commentary on the very pages of the KJV of the Bible.
